**JOINT MEETING**  
**FINANCE/AUDIT AND CONSTRUCTION COMMITTEES**  
**UNIVERSITY OF SOUTHERN INDIANA**  
**BOARD OF TRUSTEES**

**July 8, 2004**

The Finance/Audit and Construction Committees of the University of Southern Indiana Board of Trustees met in joint session on Thursday, July 8, 2004, in Carter Hall of the University Center. Present were Chair G. Patrick Hoehn and Trustees James L. Will Sr. Also in attendance were President H. Ray Hoops, Vice President for Governmental Relations Cynthia S. Brinker, and Vice President for Business Affairs and Treasurer Robert W. Ruble.

Mr. Hoehn called the meeting to order at 11:00 a.m.

(FINANCE/AUDIT)

**1. RECOMMENDATION TO APPROVE PROPOSED 2005-2007 CAPITAL IMPROVEMENT BUDGET REQUEST**

Mr. Hoehn called on Vice President Brinker to review the proposed 2005-2007 Capital Improvement Budget Request. Ms. Brinker referred the committee members to Attachment A, a summary of the 2005-2007 Capital Improvement Budget Request and to the copy of the complete budget document included in their meeting packets. Vice President Brinker reviewed the document, which requests funds for the construction of a new School of Business/General Classroom Building; requests project and bonding authority for the expansion of the Recreation and Fitness Center—Phase II; and requests funds for general repair and rehabilitation and infrastructure funding.

On a motion by Mr. Hoehn, seconded by Mr. Will, the 2005-2007 Capital Improvement Budget Request was approved for recommendation to the Board of Trustees at its July 8, 2004, meeting.

Note: Attachment A is a summary of the 2005-2007 Capital Improvement Budget Request. Copies of the complete budget document is appended to the file copy of these minutes.

**2. DISCUSSION OF OPERATING BUDGET REQUEST FOR 2005-2007**

Mr. Hoehn asked Vice President Brinker to review the operating budget request for 2005-2007 which will be submitted to the state in August. Ms. Brinker reviewed the operating appropriation received by the University in 2003-2005 and reported on the proposed operating budget request for 2005-2007. The request includes an increase for personal services and benefits, supplies and expenses, and institutional student aid; funding for increases in enrollments as well as the balance of the enrollment formula from the prior biennium; plant expansion funding for operation of the new library; and requests for line items in the budget for Young Abe Lincoln and Historic New Harmony. The University also will request funds for quality improvement initiatives that support workforce development and job growth in the state, including the Center for Applied Research and Economic Development, a Manufacturing Technology Program, and an Accelerated Nursing Program.

Vice President Brinker reported that the operating budget document will be submitted on August 1, 2004, pending approval of the Board of Trustees at its meeting in September 2004.

Following the report on the operating budget request, the committee discussed the availability of parking on campus and potential plans for the construction of a parking garage or other parking facility for visitors to the University Center.

**3. REVIEW OF THE FINANCING PLAN FOR THE NEW DAVID L. RICE LIBRARY**

Mr. Hoehn called on Vice President Ruble to introduce Assistant Treasurer and Business Office Director Michael Whipple to review the financing plan for the new David L. Rice Library construction project. Mr. Whipple reminded the committee that at its meeting on May 8, 2004, the Board of Trustees authorized the University to proceed with a bond issue to finance the construction of the library. He reviewed the USI Student Fee Bonds, Series I, an issue of \$51.4 million at 4.7 percent interest and summarized the sources and uses of funds in the financing plan, in which Series D and E bonds were refunded. Mr. Whipple reported that refunding the Series D serial bonds resulted in a cash savings of \$333,892 in reduced fee replacement funding to the state of Indiana. The Series E refunding generated cash savings of \$123,210 to the University. The bulk of the savings for the state and the University will be realized during the fiscal year ending June 30, 2005.

**4. APPROVAL OF BUDGET APPROPRIATIONS, ADJUSTMENTS, AND TRANSFERS**  
(Attachment B)

On a motion by Mr. Will, seconded by Mr. Hoehn, the budget appropriations, adjustments, and transfers in Attachment B were approved.

(CONSTRUCTION)

**5. REPORT OF CHANGE ORDERS ISSUED BY THE VICE PRESIDENT FOR BUSINESS AFFAIRS**  
(Attachment C)

Vice President Ruble reviewed the change orders in Attachment C.

There being no further business, the meeting adjourned at 11:40 a.m.

## 2005-2007 CAPITAL IMPROVEMENT BUDGET REQUEST SUMMARY

The University of Southern Indiana's 2005-2007 Capital Improvement Budget Request proposes construction of a new School of Business/General Classroom Building and Phase II Expansion of the Recreation and Fitness Center. The University of Southern Indiana Board of Trustees and administration are pleased to present the 2005-2007 Capital Improvement Budget Request for review by the Indiana General Assembly, the Commission for Higher Education, and the State Budget Agency.

The University's number one capital priority for the 2005-2007 biennium is funding for construction of a new School of Business/General Classroom Building. The proposed facility will accommodate increased student enrollment, incorporate advanced technology into the construction of the building, and provide needed general and specialized classroom and laboratory space. Included in the project is the expansion of the University's physical plant and completion of the lower level of the Education Center.

Phase II expansion of the Recreation and Fitness Center is the University's number two capital priority. Due to growth in student enrollment and increased utilization of the current facility, there is a need to provide additional activity space. The University seeks project and bonding authority (but no State funding) for expansion of the Recreation and Fitness Center to provide needed wellness, recreation, and physical fitness facilities for students, faculty, and staff.

Included in the 2005-2007 Capital Improvement Budget Request is funding for several general repair and rehabilitation projects. Many of the projects planned during the 2003-2005 biennium have been deferred to the 2005-2007 biennium due to lack of funding. The funding requested for general repair and rehabilitation projects is needed to keep deferred maintenance to a minimum and to maintain University structures and facilities.

The University of Southern Indiana's 2005-2007 Capital Improvement Budget Request is consistent with the long-range plans of the University, the mission of the University, and the economic needs of the State of Indiana. In the past ten years, enrollment at the University has increased by 31 percent from 7,551 students in fall 1993 to 9,899 students in fall 2003. A notable change in the student population is the 56 percent increase in the number of full-time-equivalent students from 5,164 in 1992-1993 to 8,049 in 2002-2003. With the opening of Ruston Student Residence Hall in August 2004, the number of students living on campus will exceed 3,000. In addition, more than 9,000 adults and youth enroll annually in noncredit, continuing education, workforce training, and professional development programs at the University. The rapid growth in student enrollment has resulted in a deficit of classroom, laboratory, and office space, and the need for additional recreational space.

The following charts, *Fall Student Headcount Enrollment and Fall Enrollment 1991-2011*, *Academic/Administrative Assignable Square Feet Per FTE Student for Fall 2003*, and

**Page 2 of 2**

*Projected Academic/Administrative Space Needs Per Full-Time-Equivalent Student: 2000-2014*, illustrate the increases in student enrollment and the space requirements needed to serve the students of the University of Southern Indiana. The University's average assignable square footage per full-time-equivalent student continues to fall below the state average by 22 percent, resulting in a space deficit of more than 200,000 assignable square feet. The future needs for the physical development of the campus are identified in the University's Ten-Year Capital Improvement Plan for 2005-2015.

Detailed explanations of the projects requested in the University of Southern Indiana's 2005-2007 Capital Improvement Budget Request are provided in the accompanying documentation.

**Report to University of Southern Indiana Board of Trustees  
July 8, 2004**

**Change Orders Issued by the Vice President for Business Affairs**

On September 6, 2001, the Board of Trustees adopted a procedure related to changes in construction contracts which included the following: "Change orders up to \$25,000 may be issued by the Vice President for Business Affairs and reported to the Board of Trustees at its next meeting." Consistent with that policy, the following change orders have been issued.
