C. PRESIDENT'S REPORT

President Rice introduced the newly appointed Trustees on the Board -- Harolyn Torain of Indianapolis and Thomas McKenna of Carmel.

Dr. Rice announced that next week the University's Silver Anniversary celebration will take place as students, faculty, staff, and alumni participate in events celebrating the first 25 years. He added that events include a Gala dinner on September 15, a Professional-in-Residence series, and other student programs.

Dr. Rice called attention to the Drug and Alcohol Abuse policy brochure in trustee packets.

Dr. Rice reported that the seven Indiana state-supported institutions of higher education have joined forces to make a commitment to quality in order to meet present and future demands and stay competitive with peer institutions in other states. He said that the Universities are united in their concern that inadequate support for higher education may have severe consequences for Indiana's economic future. He added that press conferences were held last week to announce the institutions' statewide *Commitment to Quality* campaign.

Dr. Rice called on the University vice presidents to present information contained in the 1991-93 Legislative Operating Budget Request. Dr. Bennett reported that the University's enrollment increased 13.4 percent for the fall semester, reaching 6,480 students. He also presented several enrollment statistics associated with the University's pattern of growth.

Mrs. Standley presented an overview of *Toward the Year 2000*, the University's planning document for the next decade.

Dr. Reid presented major goals that comprise the 1991-93 performance objectives and shape the legislative operating budget request. These include: improving student access and participation, improving the quality of educational programs and services, and increasing student success. Discussion then followed on these presentations relating to the budget request.
