USI works to maintain a safe environment for all members of the University community. The following questions will help us better maintain this environment.

1. Have you ever been convicted of a misdemeanor, felony or other crime (excluding routine traffic offenses and convictions expunged or sealed by the sentencing court or juvenile court or otherwise protected from disclosure by the specific authority of law)? YES NO
2. Are any criminal charges currently pending against you? YES NO

Immunization Requirement (revised 2014)

The University has the obligation to protect the campus community from any potential contagious disease. Per state law, all students entering the University of Southern Indiana for the first time and/or living in University Housing must meet the immunization requirements of the University of Southern Indiana Code 20-12-71 enacted by the 2002 Indiana General Assembly. Any student who tests positive for TB or latent TB must go for a chest x-ray and may be directed by the Department of Health to take medication to prevent becoming actively infected and contagious. This is particularly important for those students living in University housing where disease can spread rapidly. All students must comply with these requests and students who refuse to take the medication as directed by the Department of Health will be required to meet with the Dean of Students or Designee and their situation will be reviewed on a case-by-case basis to determine potential community impact. All students must meet the University immunization requirement prior to registration for the next semester or they will not be able to register for classes. Additionally, students who choose not to take the prescribed medication, if needed, may lose the privilege to live in University Housing and/or be on-campus. The final determination will be made in consultation with the University CARE Team, the University Health Center and other appropriate administrators. For the complete immunization policy, please go to <http://www.usi.edu/healthcenter/policies/immunization-policy>.

I certify that all of the above information is complete and true. I also understand that withholding information or giving false information will make me ineligible to return to USI and/or subject to dismissal if readmission has been granted.

Fresh Start Program

The Fresh Start program is designed to benefit former USI undergraduate students who are returning to the University after an extended absence and whose previous academic record was unsatisfactory (student was dismissed or on academic probation).

This program allows a readmitting student who wishes to complete an unfinished undergraduate degree a one-time opportunity to apply for a "Fresh Start." Students will be accepted into the program if they meet certain eligibility requirements. Please refer to the *Fresh Start Petition* (www.usi.edu/registrar/registration/fresh-start-program) to see if you qualify.
