

**2+2 Articulation Agreement
between
THE UNIVERSITY OF SOUTHERN INDIANA
and
VINCENNES UNIVERSITY**

Statement of Intent: The purpose of this agreement is to facilitate the transfer of graduates of Vincennes University who earn associate degrees in Pre-Dental Hygiene to the appropriate baccalaureate programs at the University of Southern Indiana.

Principles Upon Which Articulation is Based: This agreement, which encompasses the degree granting institutions of Vincennes University and the University of Southern Indiana, provides a written record of a continuing relationship centered on a mutually beneficial commitment to serving students.

This agreement confirms that all the eligible credit hours earned by students who complete graduation requirements for an Associate of Science (A.S.) degree in Pre-Dental Hygiene at Vincennes University will be accepted into and serve to fulfill all lower division requirements for the Bachelor of Science (B.S.) degree in Dental Hygiene at the University of Southern Indiana. Thus, students who graduate having completed all degree requirements in Pre-Dental Hygiene at Vincennes University will be eligible for full junior level standing in the Dental Hygiene Program at the University of Southern Indiana.

Students transferring with an A.S. or A.A. degree from Vincennes University into the University of Southern Indiana are subject to the same admission and academic policies as other applicants to the University of Southern Indiana. Transfer students are also subject to specific baccalaureate degree program admission requirements. Completion of the A.S. or A.A. degree does not guarantee admission to a program that has a separate application process.

Students who have transferred into the University of Southern Indiana must meet all university and program graduation requirements, including the completion of the university's general education program (CORE 39), minimum residence, grade point average and upper division course requirements.

Both institutions reserve the right to change their curriculum and agree to inform the other institution's administration and program faculty of such changes as they relate to the conditions of this agreement. Such changes may require an update to the articulation agreement.

All agreements will be reviewed, updated and re-signed three years from the effective date of the agreements.

Effective Date: Fall 2024

Review Date: Fall 2027

TOTAL CREDIT HOURS		60	TOTAL CREDIT HOURS		60	C

*Some programs may require a minimum grade in specific courses. Please list the minimum grade requirement when applicable.

To graduate with a baccalaureate degree, a student must earn a total of 120 credit hours with at least 39 credit hours at the 300- and 400-level and 30 credit hours taken at USI. Students must have a minimum cumulative USI grade point average of 2.000. Some programs require a higher cumulative grade point average requirement.

Notes: The Dental Hygiene Program at USI has an additional application process. Admission requirements for the Program include: admission to the University; completion of the required prerequisite college courses with a grade of “C” or higher and a minimum cumulative grade point average of 2.8; submission of a Dental Hygiene Program application; submission of medical and immunization records; CPR certification for health care providers; completion of a criminal background check; and completion of drug testing. Students selected for admission into the Dental Hygiene Program at USI must be eligible for dental hygiene licensure and capable of fulfilling clinical practice requirements. Completion of the Pre-Dental Hygiene A.S. degree at Vincennes University does not guarantee admission to the Dental Hygiene Program at USI.

Remaining coursework to be completed at USI:

Course and Title	Credit Hrs	Min Grade
DTHY 303 – Oral Radiology	3	C
