

Summary Pass Rates

(Number Passing/Number Taken)

Data Extracted for Title II Reports

Summary Pass Rates reported in the Title II reports are calculated for three consecutive years. A few completers do not take required exams immediately: others retake exams. In general, the pass rate for a cohort of completers increases when re-calculated over the three-year period and changes little after three years.	Report Year	2014-15 Completers	2015-16 Completers	2016-17 Completers	2017-18 Completers	2018-19 Completers	2019-20 Completers	2020-21 Completers
	2022					83% (119/144)	86% (96/111)	79% (73/92)
	2021				83% (95/114)	74% (105/141)	70% (72/103)	
	2020			81% (105/129)	81% (91/113)	68% (90/133)		
	2019		82% (107/130)	81% (104/129)	75% (84/111)			
	2018	86% (94/109)	82% (106/129)	75% (94/126)				
	2017	84% (92/110)	70% (88/126)					
	*Prior to August 1, 2021, Pearson exams were required in Indiana. After August 1, 2021, ETS Praxis II exams were required. The data above contains pass rates for students who could have taken either/both exams.							

Information about individual test pass rates is available in the Educator Preparation Program Report section and the Title II Reports section posted on the USI Teacher Education Department webpage.
