

### E-TEXT REQUEST FROM PUBLISHER

**\*Please Note** - USI Disability Resources recommends that you check online to see if your books are available as e-texts before purchasing hard copies of your books.

Most publishers will no longer provide us with electronic files if an e-text version is available for purchase. If a book is available in e-text format, and you choose to purchase a hard copy instead, the only way we can provide you with e-text would be to remove the pages of your hard copy, scan them, and return the loose pages to you held together with a rubber band. We are not able to rebind your book.

If an e-text is not available for purchase and hard copy purchase of the book is your only option, provide Disability Resources with the following information so that DR can obtain an e-text from the publisher for you. You are required by copyright law to purchase a copy of the book prior to obtaining an electronic version from USI DR.

\_\_\_\_\_ I understand that it may take up to 4 weeks for DR to receive an e-text from a publisher. Once DR receives the e-text, I will have to provide a USB for the book to be saved on.

\_\_\_\_\_ I understand that if a book is available in e-text format for purchase and I have a hard copy, DR will scan my book and return the book that was taken apart with a band around it. DR will not be able to rebind my book.

\_\_\_\_\_ I understand that once I receive an e-text file, I am the only person who is allowed access to the file and I am not permitted to make copies or share the book file with any other person, including other students in the class.

\_\_\_\_\_ I understand that unless I choose to keep the hardcopy of the book, I must delete the e-text files from my computer at the end of the semester.

Some publishers require USI DR to give student's names in order to obtain files. By signing below you are giving permission for DR to give your name to publishers of books you are requesting.
