- 1) unlikely to foster a culture of free inquiry, free expression, and intellectual diversity within the institution;
- 2) unlikely to expose students to scholarly works from a variety of political and ideological frameworks that may exist within and are applicable to the faculty member's academic discipline; or
- 3) unlikely, while performing teaching duties within the scope of the faculty member's employment, to refrain from subjecting students to political or ideological views and opinions that are not related to the faculty member's discipline or assigned course of instruction.

Recommendations regarding a faculty member's tenure or promotion may not consider:

- 1) A faculty member's expression of dissent or engagements in research or public commentary on subjects;
- 2) Criticism of the institution's leadership; or
- 3) Engagement in any political activity conducted outside the faculty member's teaching or mentoring duties at the institution.

Criteria for Faculty Annual Evaluations

All faculty are evaluated on an annual basis through the Faculty Annual Report. Faculty are evaluated on 1) teaching/professional performance, 2) scholarship and professional activity, and 3) service.

Additionally, faculty must meet the following criteria:

- 1) helped the institution foster a culture of free inquiry, free expression, and intellectual diversity within the institution;
- 2) introduced students to scholarly works from a variety of political or ideological frameworks that may exist within the curricula by the faculty of the institution under authority delegated by the Board of Trustees of the institution;

- 4) adequately performed academic duties and obligations; and met any other criteria established by the board of trustees.
- 5) If a complaint has been received and is substantiated regarding any of the above items 1-4, the complaint must be addressed in the faculty annual report and evaluation.

Faculty Annual Reports are evaluated by the faculty member's department chair or academic unit head and college dean or library director. The faculty member's annual evaluation will be shared with the faculty member.

Evaluations regarding a faculty member's annual report may not consider:

- 1) A faculty member's expression of dissent or engagements in research or public commentary on subjects;
- 2) Criticism of the institution's leadership; or
- 3) Engagement in any political activity conducted outside the faculty member's teaching or mentoring duties at the institution.

Counseling or disciplinary action may result if the faculty member does not meet the criteria outlined above and is the responsibility of the department chair or academic unit head and in consultation with the college dean or library director. Disciplinary actions may include professional development, a performance improvement plan, counseling, salary reduction, demotion, termination, or other disciplinary action as determined by the institution.

Restrictions on Foreign Contracting and Licensing

University employees are prohibited from transferring, licensing, or sublicensing any University-owned intellectual property created or developed using the state educational institution's resources to 1) a business entity organized under the laws of a foreign adversary, 2) a business entity headquartered in a foreign adversary, or 3) a business entity or other entity, including a governmental entity, that is owned or controlled by citizens of, or is directly controlled by the government of, a foreign adversary.

University employees are prohibited from utilizing any state funds or resources to 1) engage or contract with an individual associated with a foreign terrorist organization or a state sponsor of terror or 2) support the activities of a foreign terrorist organization or a state sponsor of terror.

A "foreign adversary" includes a foreign government listed in 15 CFR 7.4 or a country designated as a threat to critical infrastructure by the Governor of Indiana under IC 1-1-16-8.

A "foreign terrorist organization" refers to an organization designated by the Secretary of State of the United States under 8 U.S.C. 1189.

A "state sponsor of terror" means a country determined by the Secretary of State of the United States to have repeatedly provided support for acts of international terrorism.

Official Positions and Statements on Behalf of the University

All University employees and contractors may exercise their protected right to expressive activity as citizens, may affiliate with and be active in the political party of their choice, and as individuals may support candidates, parties, viewpoints, ideals, or governmental measures as they desire.

The University, as a public educational institution, must necessarily be nonpartisan in all of its political and governmental relationships and does not support any political party or candidate for public office. Members of the staff who participate in political activities, support candidates, or become candidates for public office do so as individuals and, as such, must not use University facilities or the University name or involve the University in any way in connection with such activities. Political parties or organizations may use University facilities for meeting purposes on a rental basis the same as other civic and social organizations or groups. Such use, however, may not in any way imply the University sponsors or supports the organizations, their purposes or their programs.

University employees and contractors must endeavor to clarify when participating in expressive activity or making public statements, that they are doing so in their individual capacity and not in their official capacity on behalf of the University. The official position of the University, if it has one, shall be conveyed only when authority is granted by the Board of Trustees or President of the University.

IN WITNESS WHEREOF, I have executed this Resolution as of the 11th day of July, 2024.
