FORENSIC NURSE TESTIMONY TRAINING

Learn to work alongside legal teams and improve skills in providing testimony. Forensic Nurses will practice providing mock testimony during this event and gain perspectives from both prosecution and defense experts. This training is for Indiana forensic nurses with limited testimony experience and those who have not yet attended a testimony training with the Indiana SANE Training Project.

Thursday, September 26, 2024 | 8:30am-4pm EST | South Bend, IN

This course will require some preparation and nurses will be responsible for reviewing course documents prior to attending to become familiar with the fact pattern to be used in mock testimony.

This course is reserved for awardees of the Indiana SANE Training Project. Interested attendees must complete the funding application to be considered. Registration will be limited due to space to ensure the best experience and selected participants will be notified by July 26, 2024.
