The Southern Indiana Soccer Camp is once again offered to the Tri-State area again this summer with two Full Day Camps and two Half Day Camps. The University of Southern Indiana men’s soccer coach Dan Hogan and women’s coach Krissy Engelbrecht are hoping to build on the popularity of the 2005 camp to make the 2006 camp even better. The camp is designed for youth soccer players trying to develop and improve the technical skills necessary to compete at the club, high school, or college level.

The Directors
Coach Dan Hogan-is entering his seventh season as the head coach of the University of Southern Indiana men’s soccer program. He is currently on the coaching staff of the Evansville Elite Soccer Club. He has also served as a coach for the Indiana State Olympic Development Boy’s Team in recent years. Coach Hogan was the head coach at Columbia College, MO for nine years prior to USI. He holds a US Soccer “B” License.

Coach Krissy Engelbrecht-is entering her fourth year as the head coach of the University of Southern Indiana women’s soccer program. This year’s team qualified for the GLVC Tournament for the first time since 2000. Prior to USI, she spent seven years as a player and assistant coach at the University of Evansville. As a player she was named Missouri Valley Conference Player of the Year three times and won four conference championships. She is currently the director of development for the Blitz/Lady Blitz soccer club.

The Staff
The Southern Indiana Soccer camp is staffed by college and high school coaches as well as former and current college players. The staff is dedicated to the philosophy of the camp and is experienced in working with youth soccer players.

The Southern Indiana Soccer Camp Philosophy
Local player development is the cornerstone of the Southern Indiana Soccer Camp. “In order for our programs to be successful, we have a responsibility to work with young local players so that one day they will possibly possess the skills necessary to contribute at the college level.” The USI men’s and women’s soccer teams both have many local players contributing at a high level.

The Camp will be held at the University of Southern Indiana. Registration will take place at 8:45 on the first day of camp at the Physical Activity Center (gym). The camp will utilize all of the USI practice and game facilities. The camp will never be cancelled due to inclement weather. Indoor areas will be used on the bad weather days.
Teaching of technical skill needed to play at the next level will be each day’s objective. Players learn these skills in a competitive but fun manner that is easy to understand. The exercises used to teach these skills parallel game situations in small sided games and scrimmages. The main ingredient of the camp is fun. Teaching groups will be determined by age and skill level.
