Founded in 1965, the University of Southern Indiana is located in Evansville, the state's third-largest city. From its picturesque site on the Ohio River, Evansville is a comfortable drive from the major metropolitan areas of Indianapolis, Cincinnati, Louisville, Nashville, and St. Louis.

The University enrolls 10,050 students and offers undergraduate majors in 70 areas of study. Several graduate degree programs also are available.

Beyond the classroom, students have opportunities to participate in more than 80 organizations offering co-curricular and extra-curricular activities. Special interest clubs, student government, sororities and fraternities, music and drama groups, and other organizations enable the students to enjoy and contribute to campus life.

USI offers two kinds of housing. One is the conventional apartment and the other is suite-style housing in a residence hall. Computer labs, laundromats, a convenience store, outdoor recreational areas, and student lounges contribute to an efficient living environment that has proven overwhelmingly popular with students. A meal plan is available in the University Center. More than 3,000 students live on campus.

USI is the most affordable four-year institution in the state of Indiana, and some families find that they can handle the cost of a USI education without financial aid. Many others qualify for need-based financial aid packages, including grants, loans, and jobs.
Degrees offered at USI
